Rabbi Baruch Dov Leibowitz- Head of Yeshivat Mir, Jerusalem

To my dear friend, the honourable groom **Rabbi Efraim shlit"a**

I was delighted to see the draft of your book, which you plan to publish upon your wedding day.

I have known you since you were young when you took upon yourself Torah study, nights like days, going deep into hard materials, one tractate after the other, going uphill in glory.

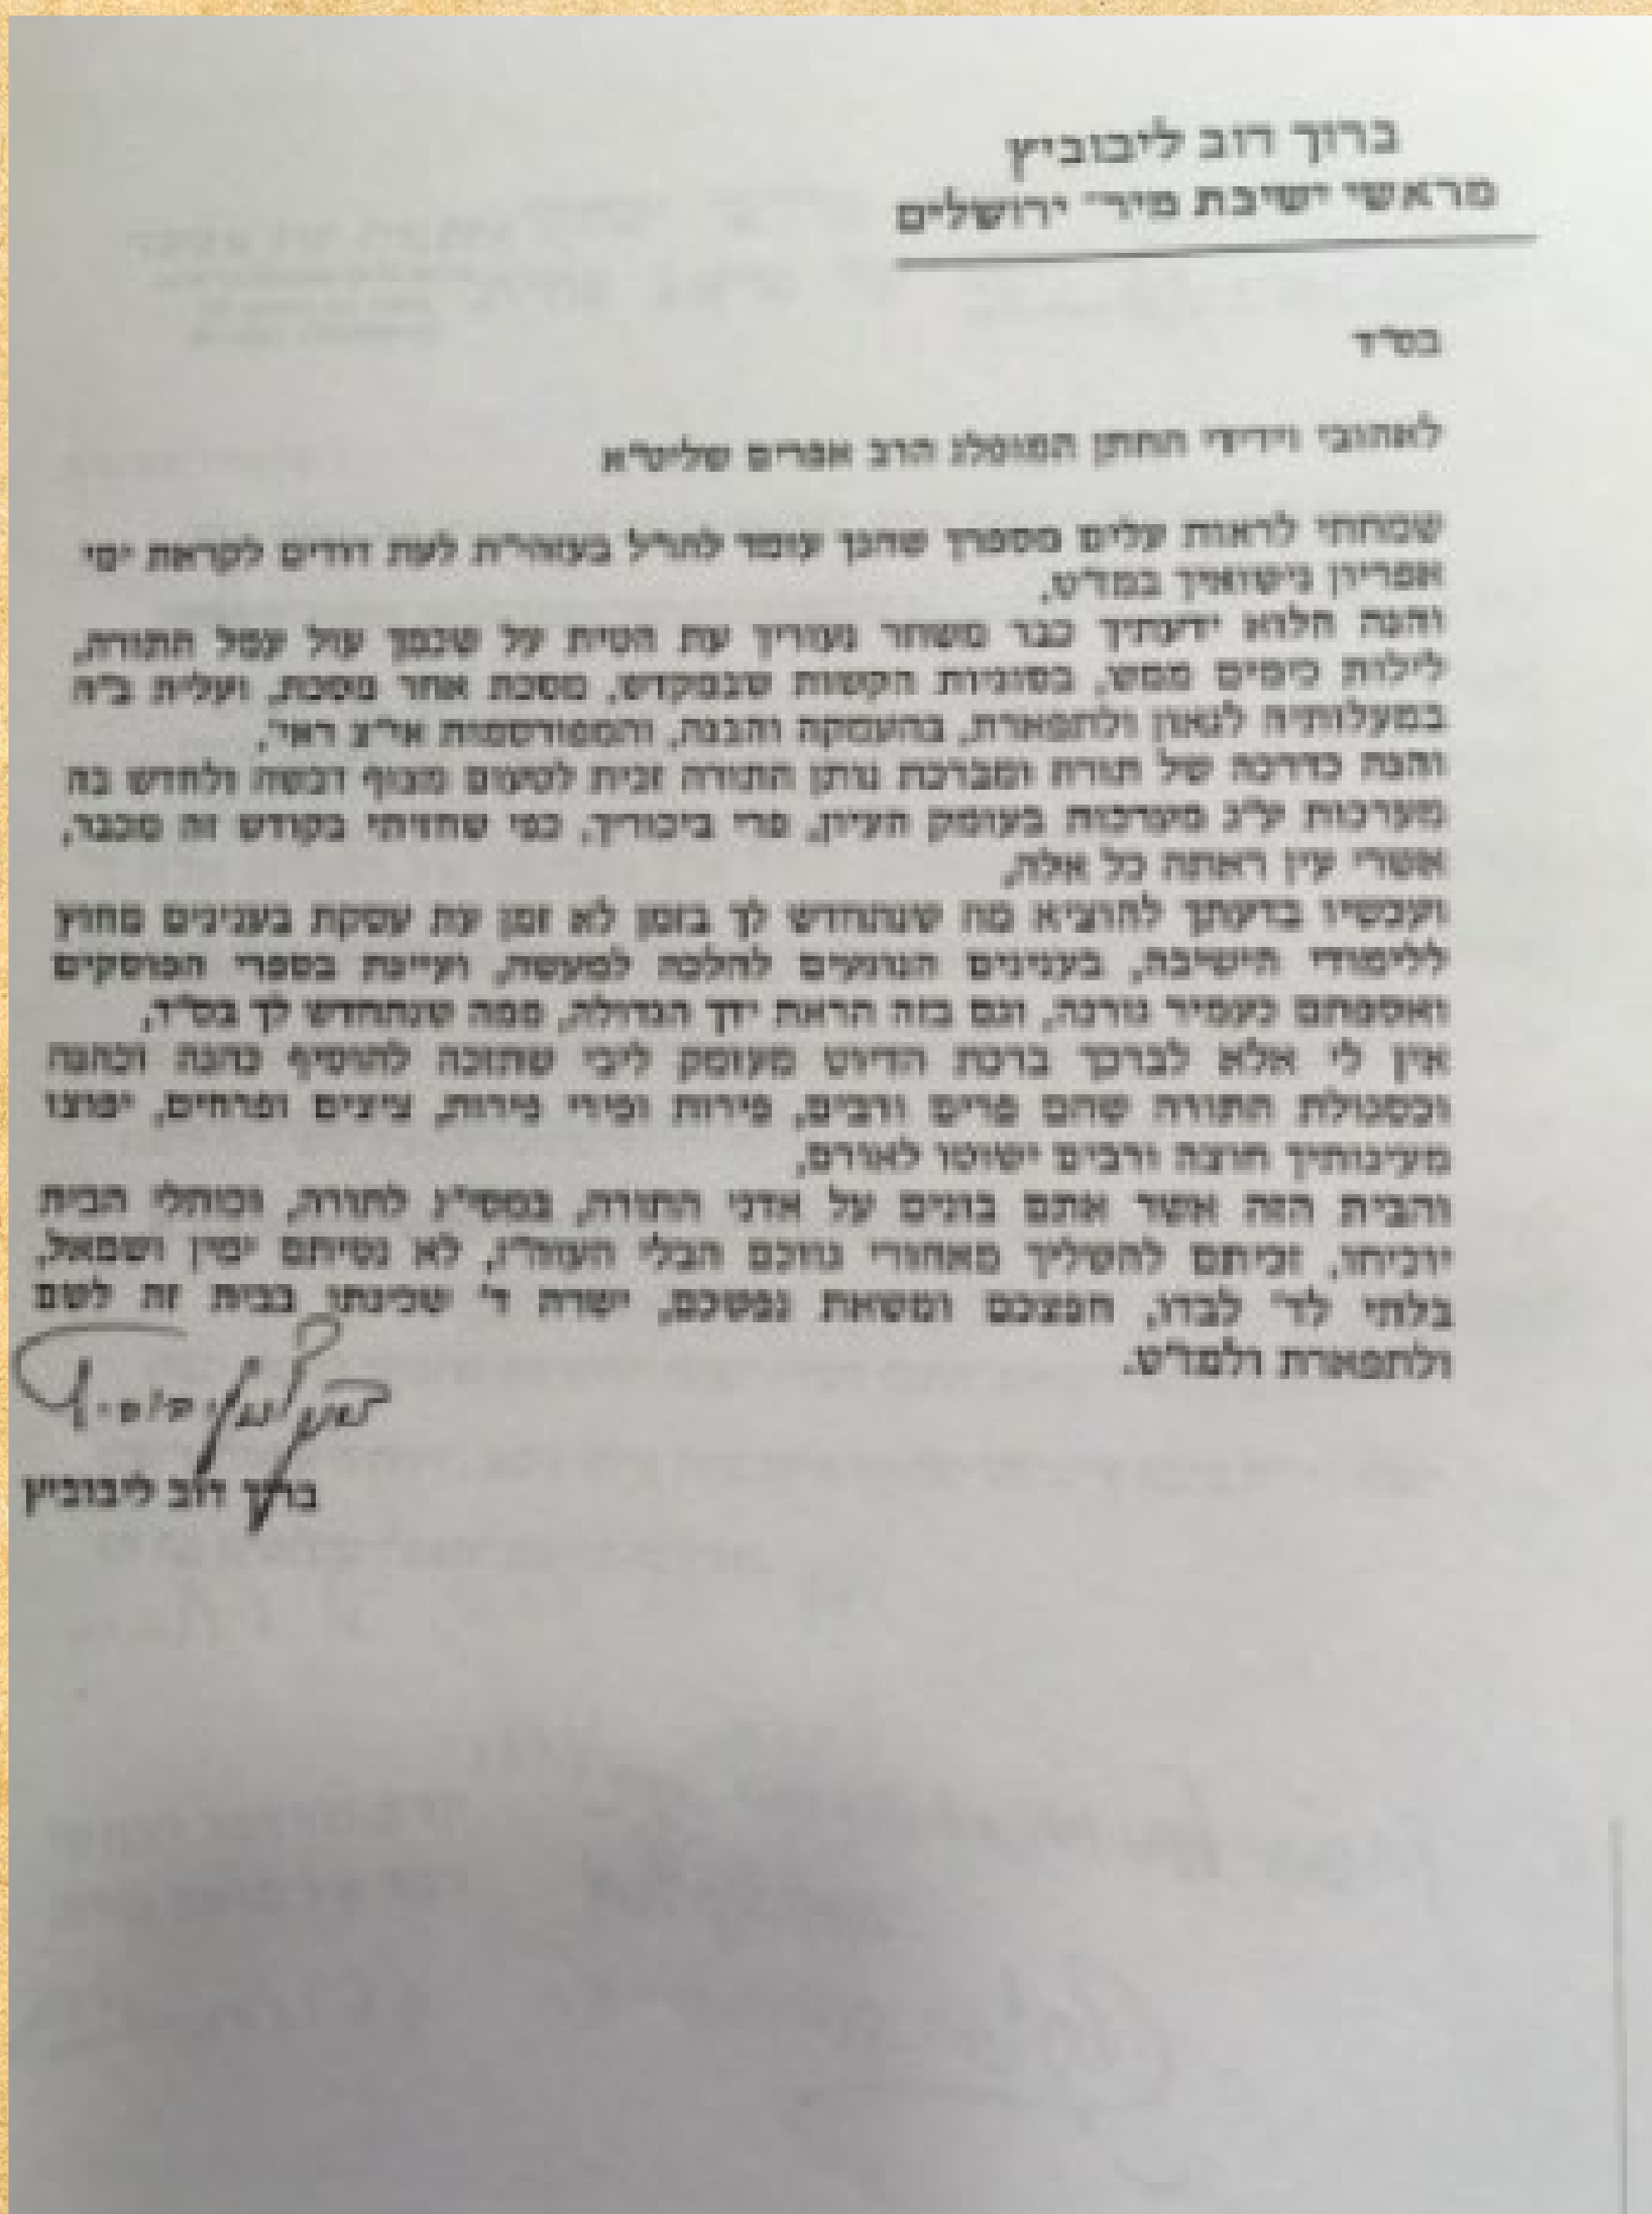

and in the Torah path, you were blessed by the Torah Giver to taste the sweetness of the Torah and come up with new deep interpretations, as I have already witnessed in the past, happy is the eye who saw all of this.

Now you plan to publish your compositions which you dealt with, outside the Yeshiva's schedule, halachic questions and answers which you collected from different books of our sages, and added your own interpretations as well.

Its only left for me to give you a simple blessing, from the depth of my heart, may you add more and more, and we see fruits and flowers from your studies, and we shall benefit from your Torah springs.

May this house that you build would testify that you went in the straight path of the Torah, not turning left or right, and God should bestow his holiness upon your house.

Rabbi Baruch Dov Leibowitz- Head of Yeshivat Mir, Jerusalem

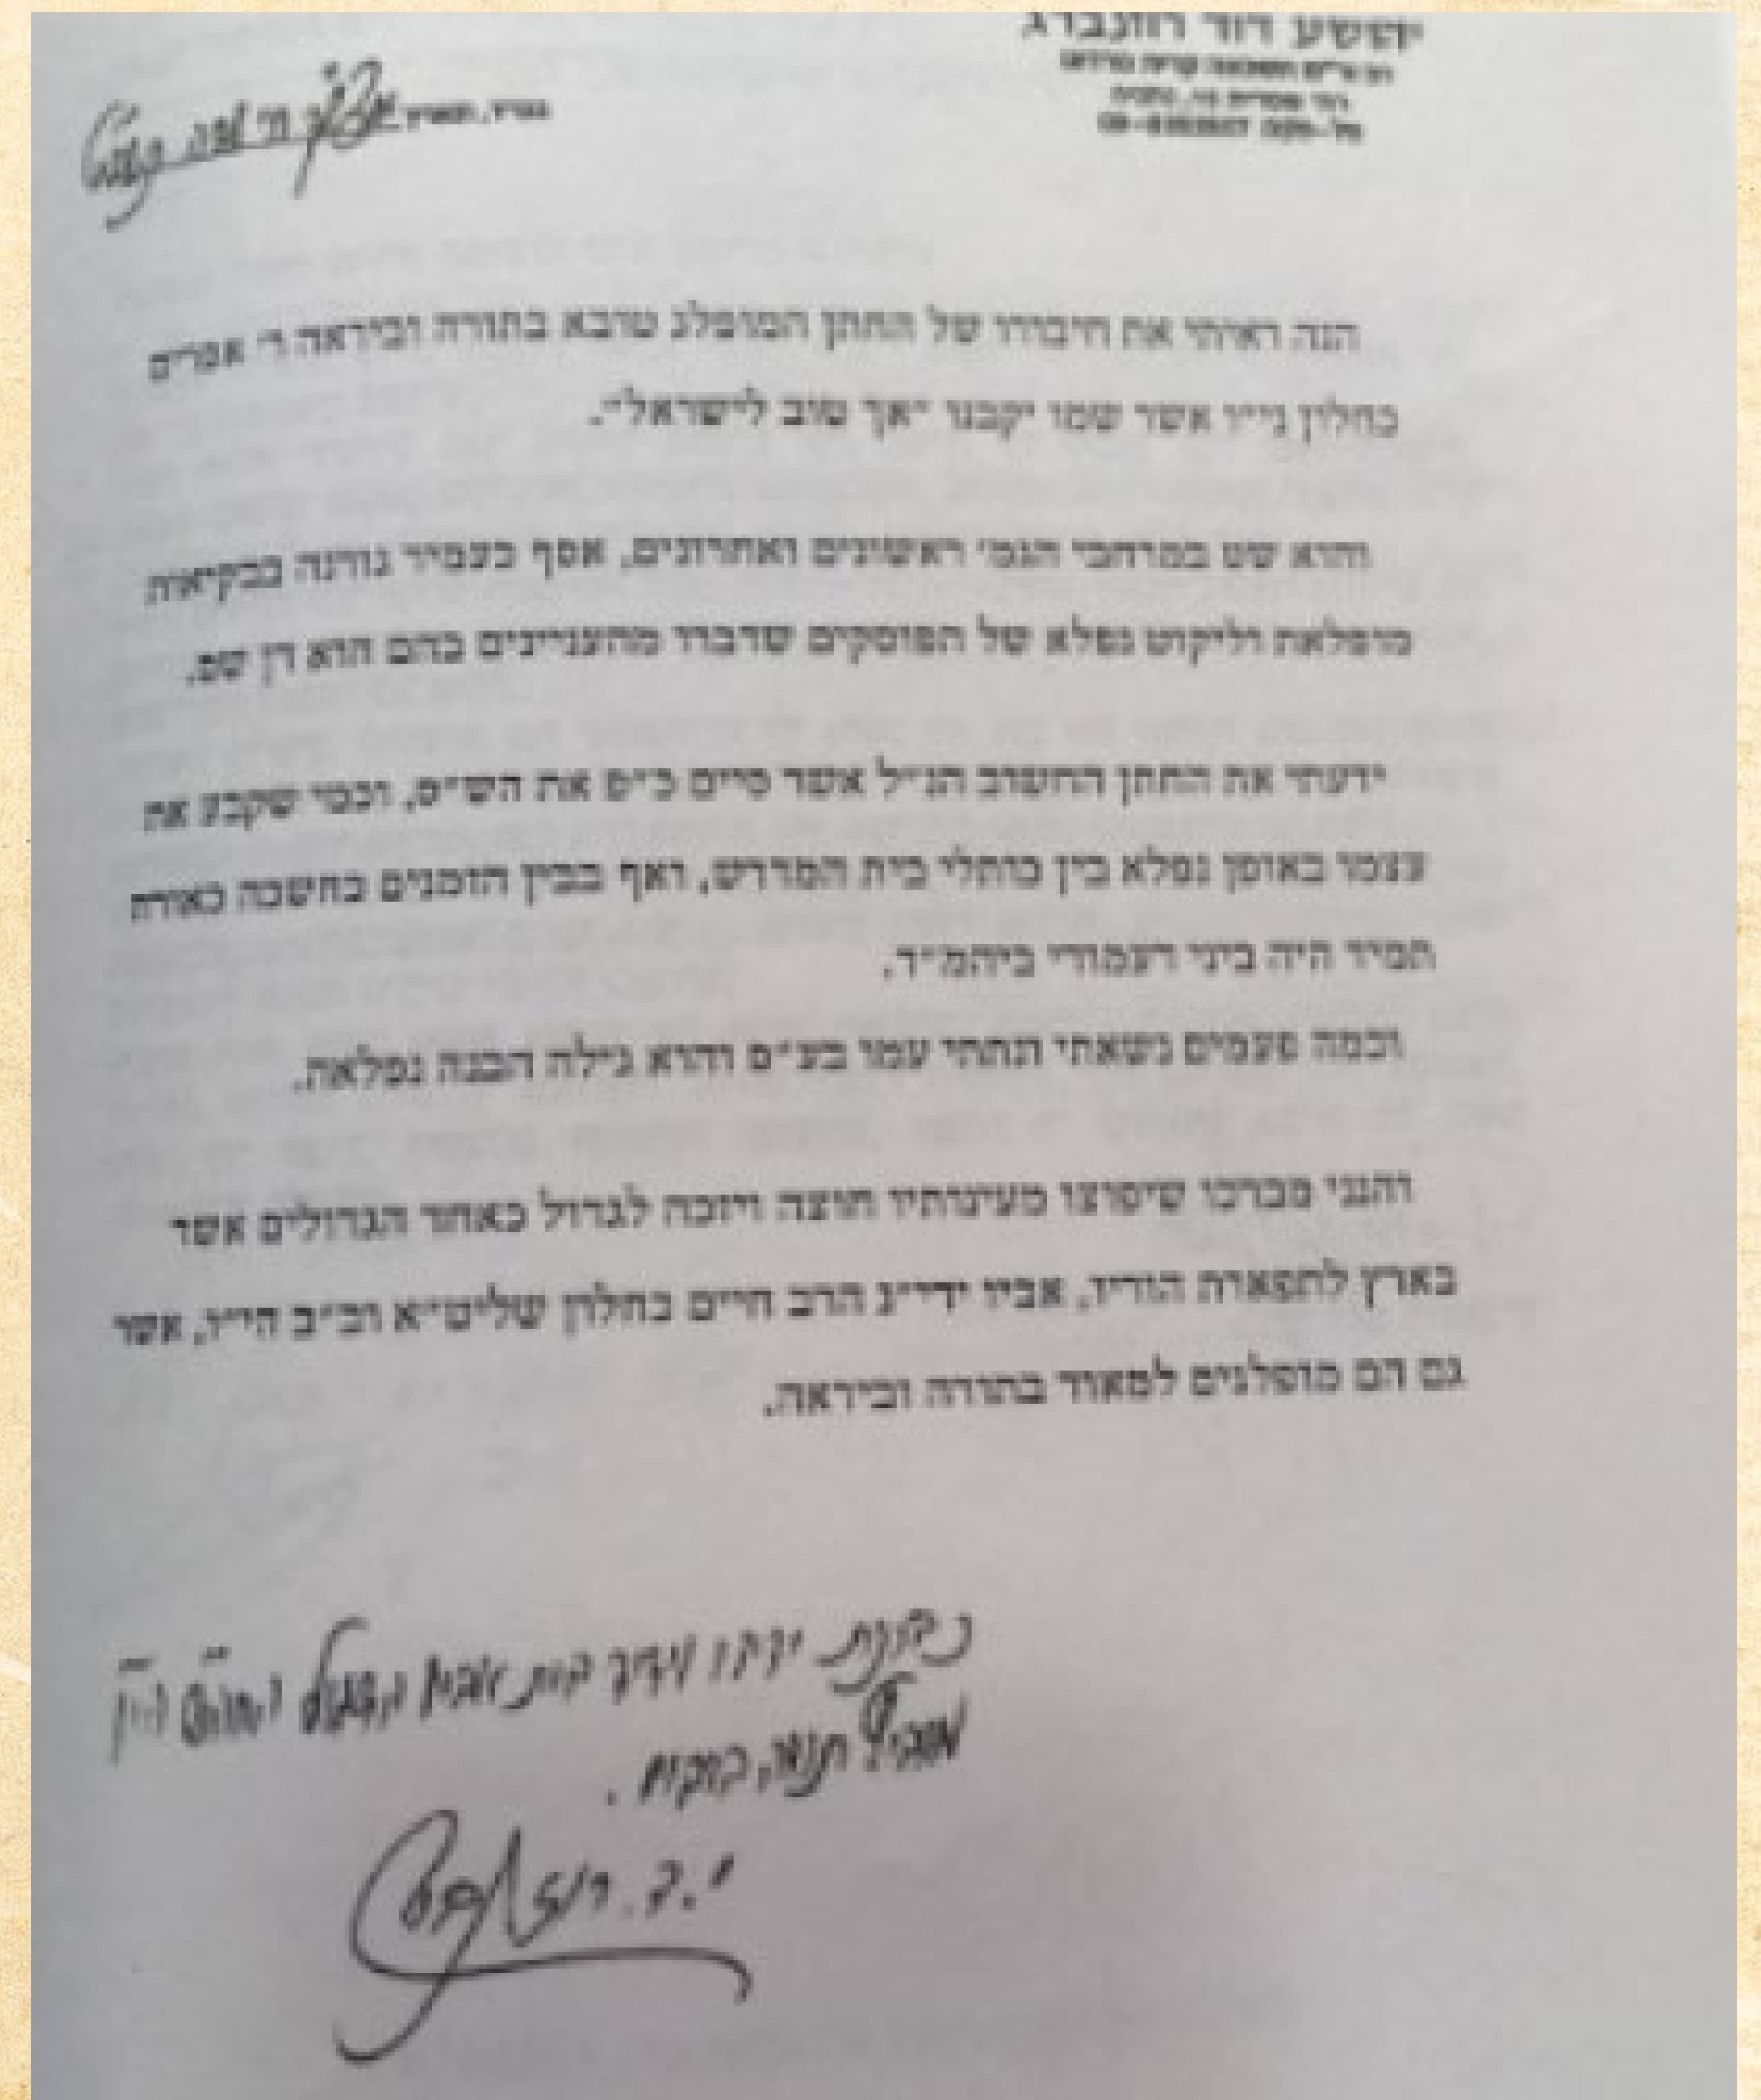

Rabbi Yehoshua David Rosenberg- Rav of Kiryat Nordow Community, Netanya

I have seen the composition of the honoured groom, famous with his Torah study and God fearing, **Rabbi Efraim Kachlon**, and the name of the book is "**Ach Tov L'Yisrael**."

And he sails through the depths of the Torah ocean with our sages, he collected all the beautiful interpretations into this book and made rulings there.

I have known the important groom, who has completed the entire Talmud several times, and he settled in the Yeshiva to study, even on vacation he studies. I have discussed halachic subjects with him and have found that he is very knowledgeable and has an amazing understanding.

I give him my blessing to keep up his studies and he shall grow exponentially to the glory of his father Rabbi Chaim Kachlon shlit"a and his household whom I know as scholars and God fearing people.

Rabbi Mordechai Yitzchaki- Rav of Moshav Porat

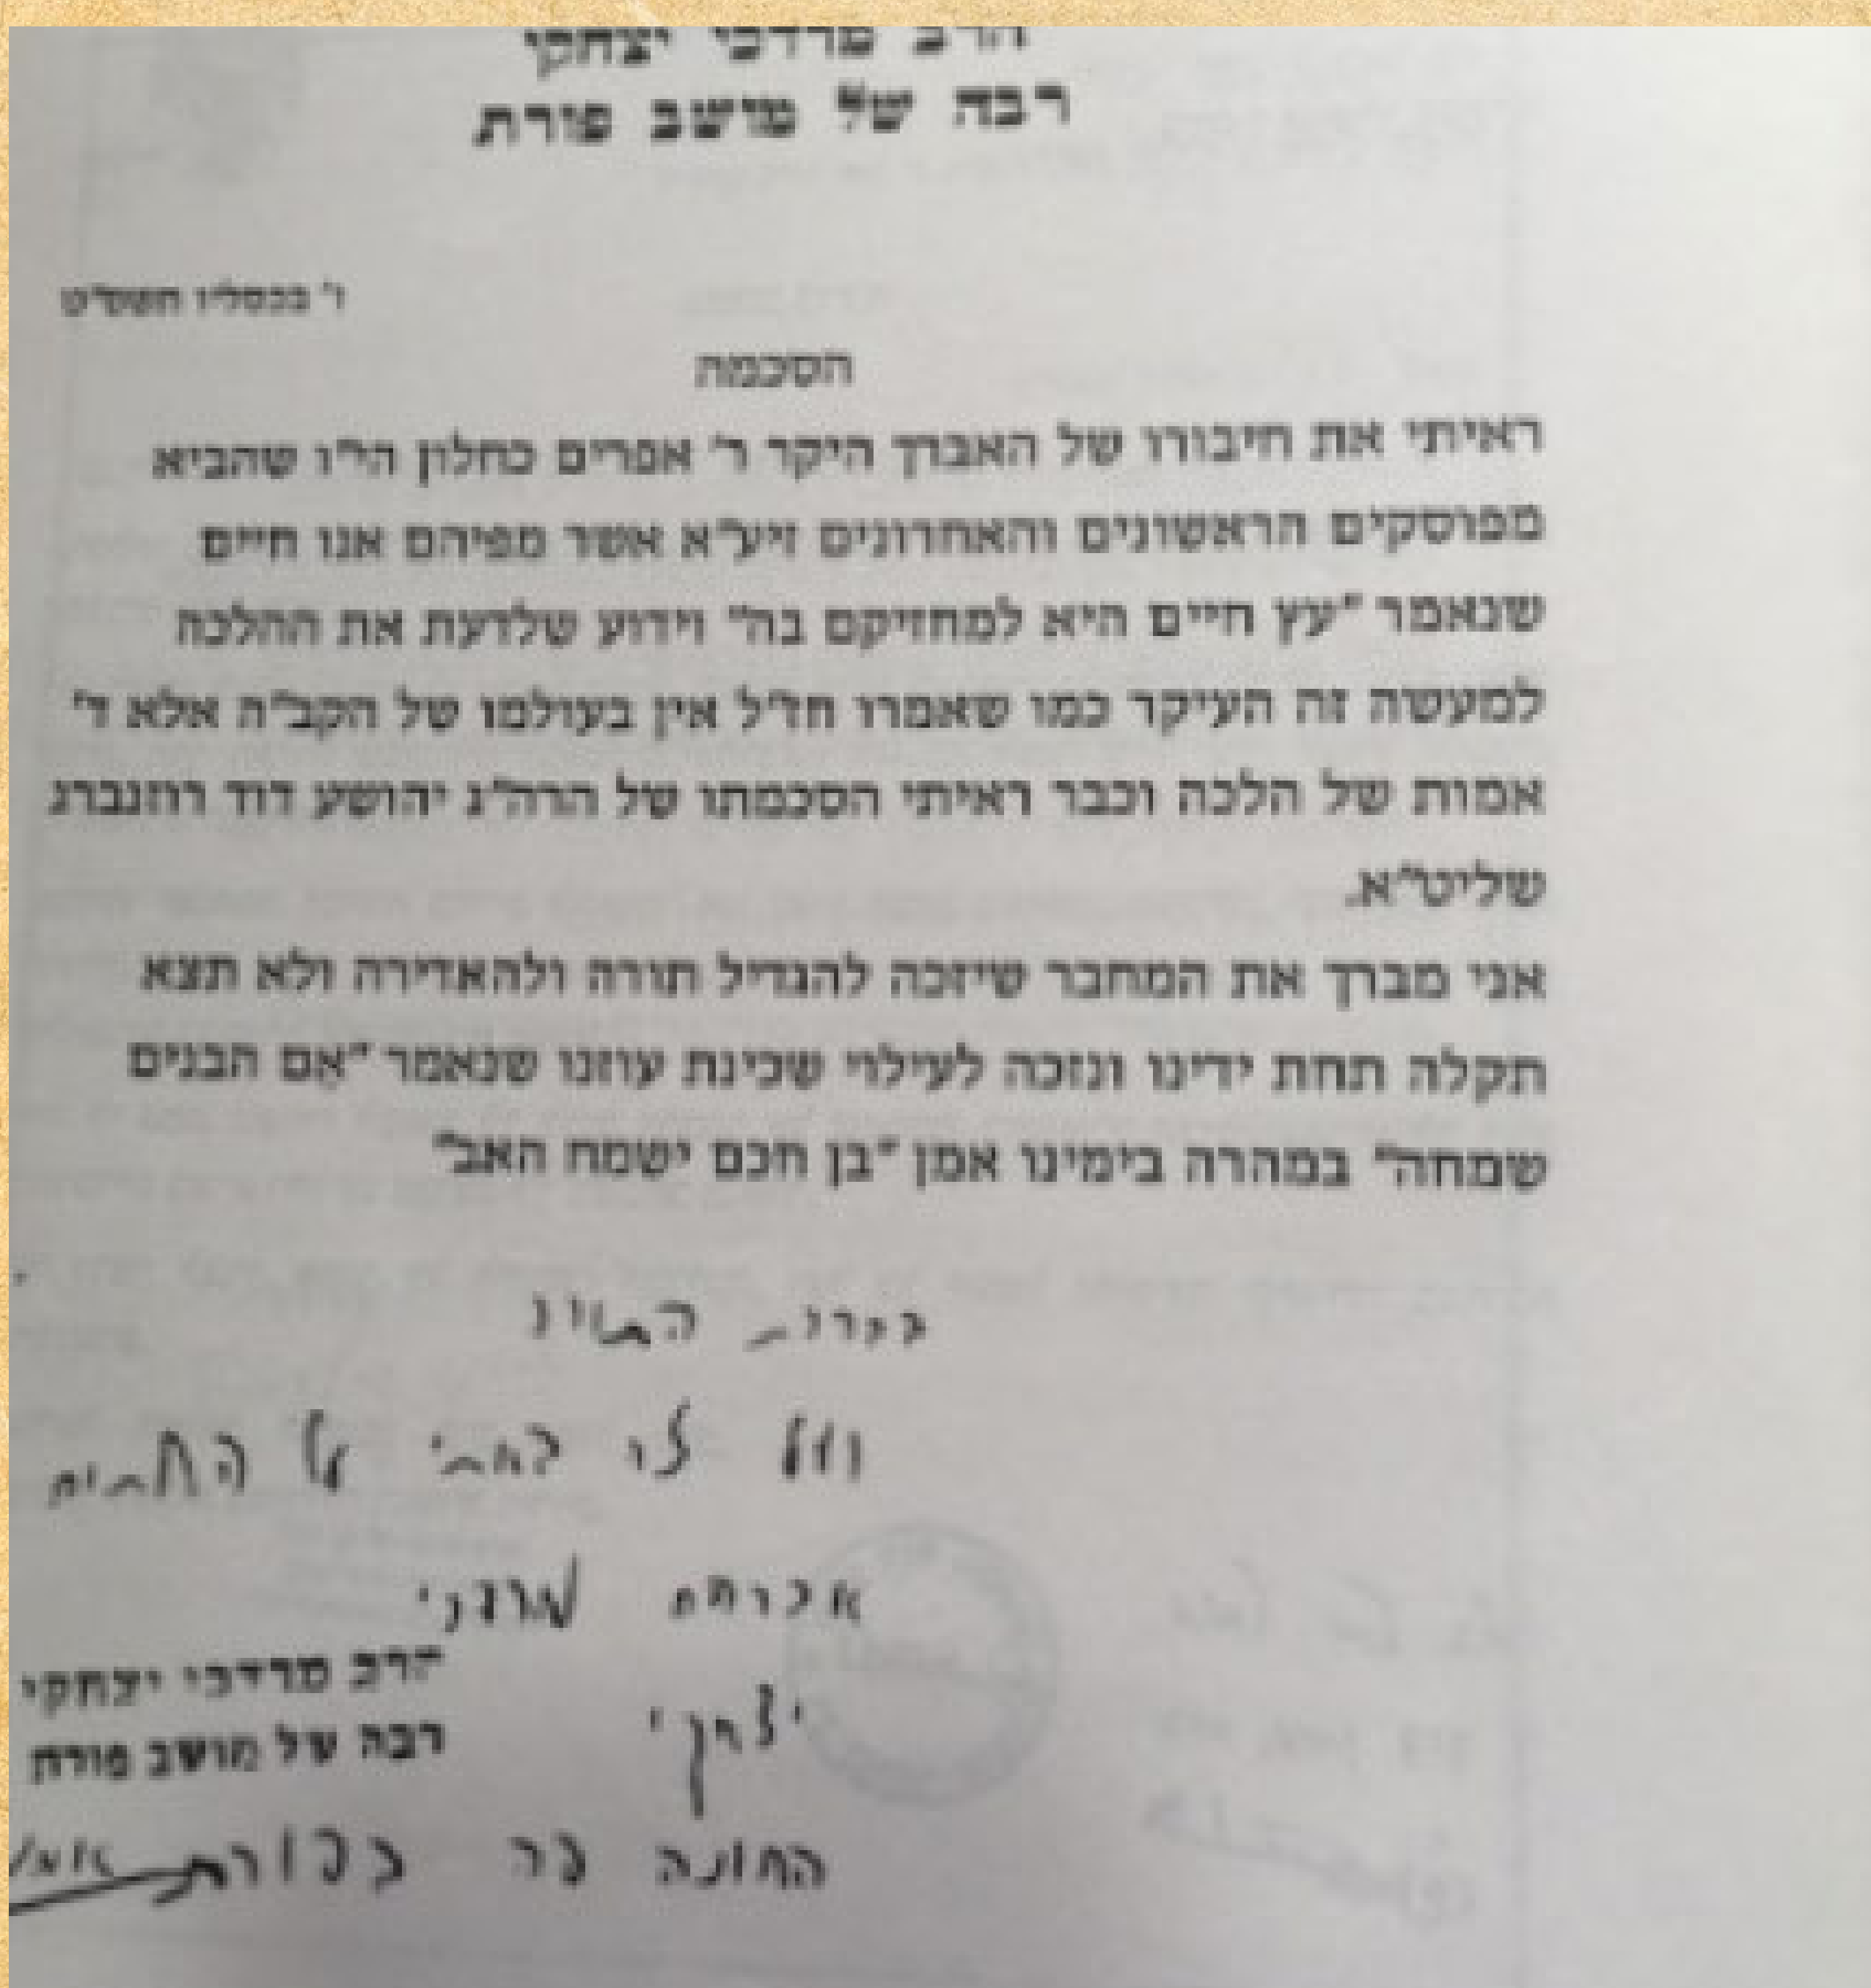

6 Kislev 5769 (i.e. 12/3/2008)

I saw the composition of the dear Torah scholar **Rabbi Efraim Kachlon**, who collected halachic matters and interpretations by our sages, which keep us alive, as its written: "A tree of life is for its holders", and knowing the actual practical Halacha is the main point for us, as our sages taught "God has no benefit and delight in the world outside of His four amot of Halacha" and I have also seen the support letter by the genius Rabbi Rosenberg shlit"a.

I give my blessing to the author to spread the Torah and glorify it, and he shall never fail and may we merit sanctifying His name. "A wise son would make his father rejoice"

And for this I have come to sign with the blessing of Torah

A letter of blessing

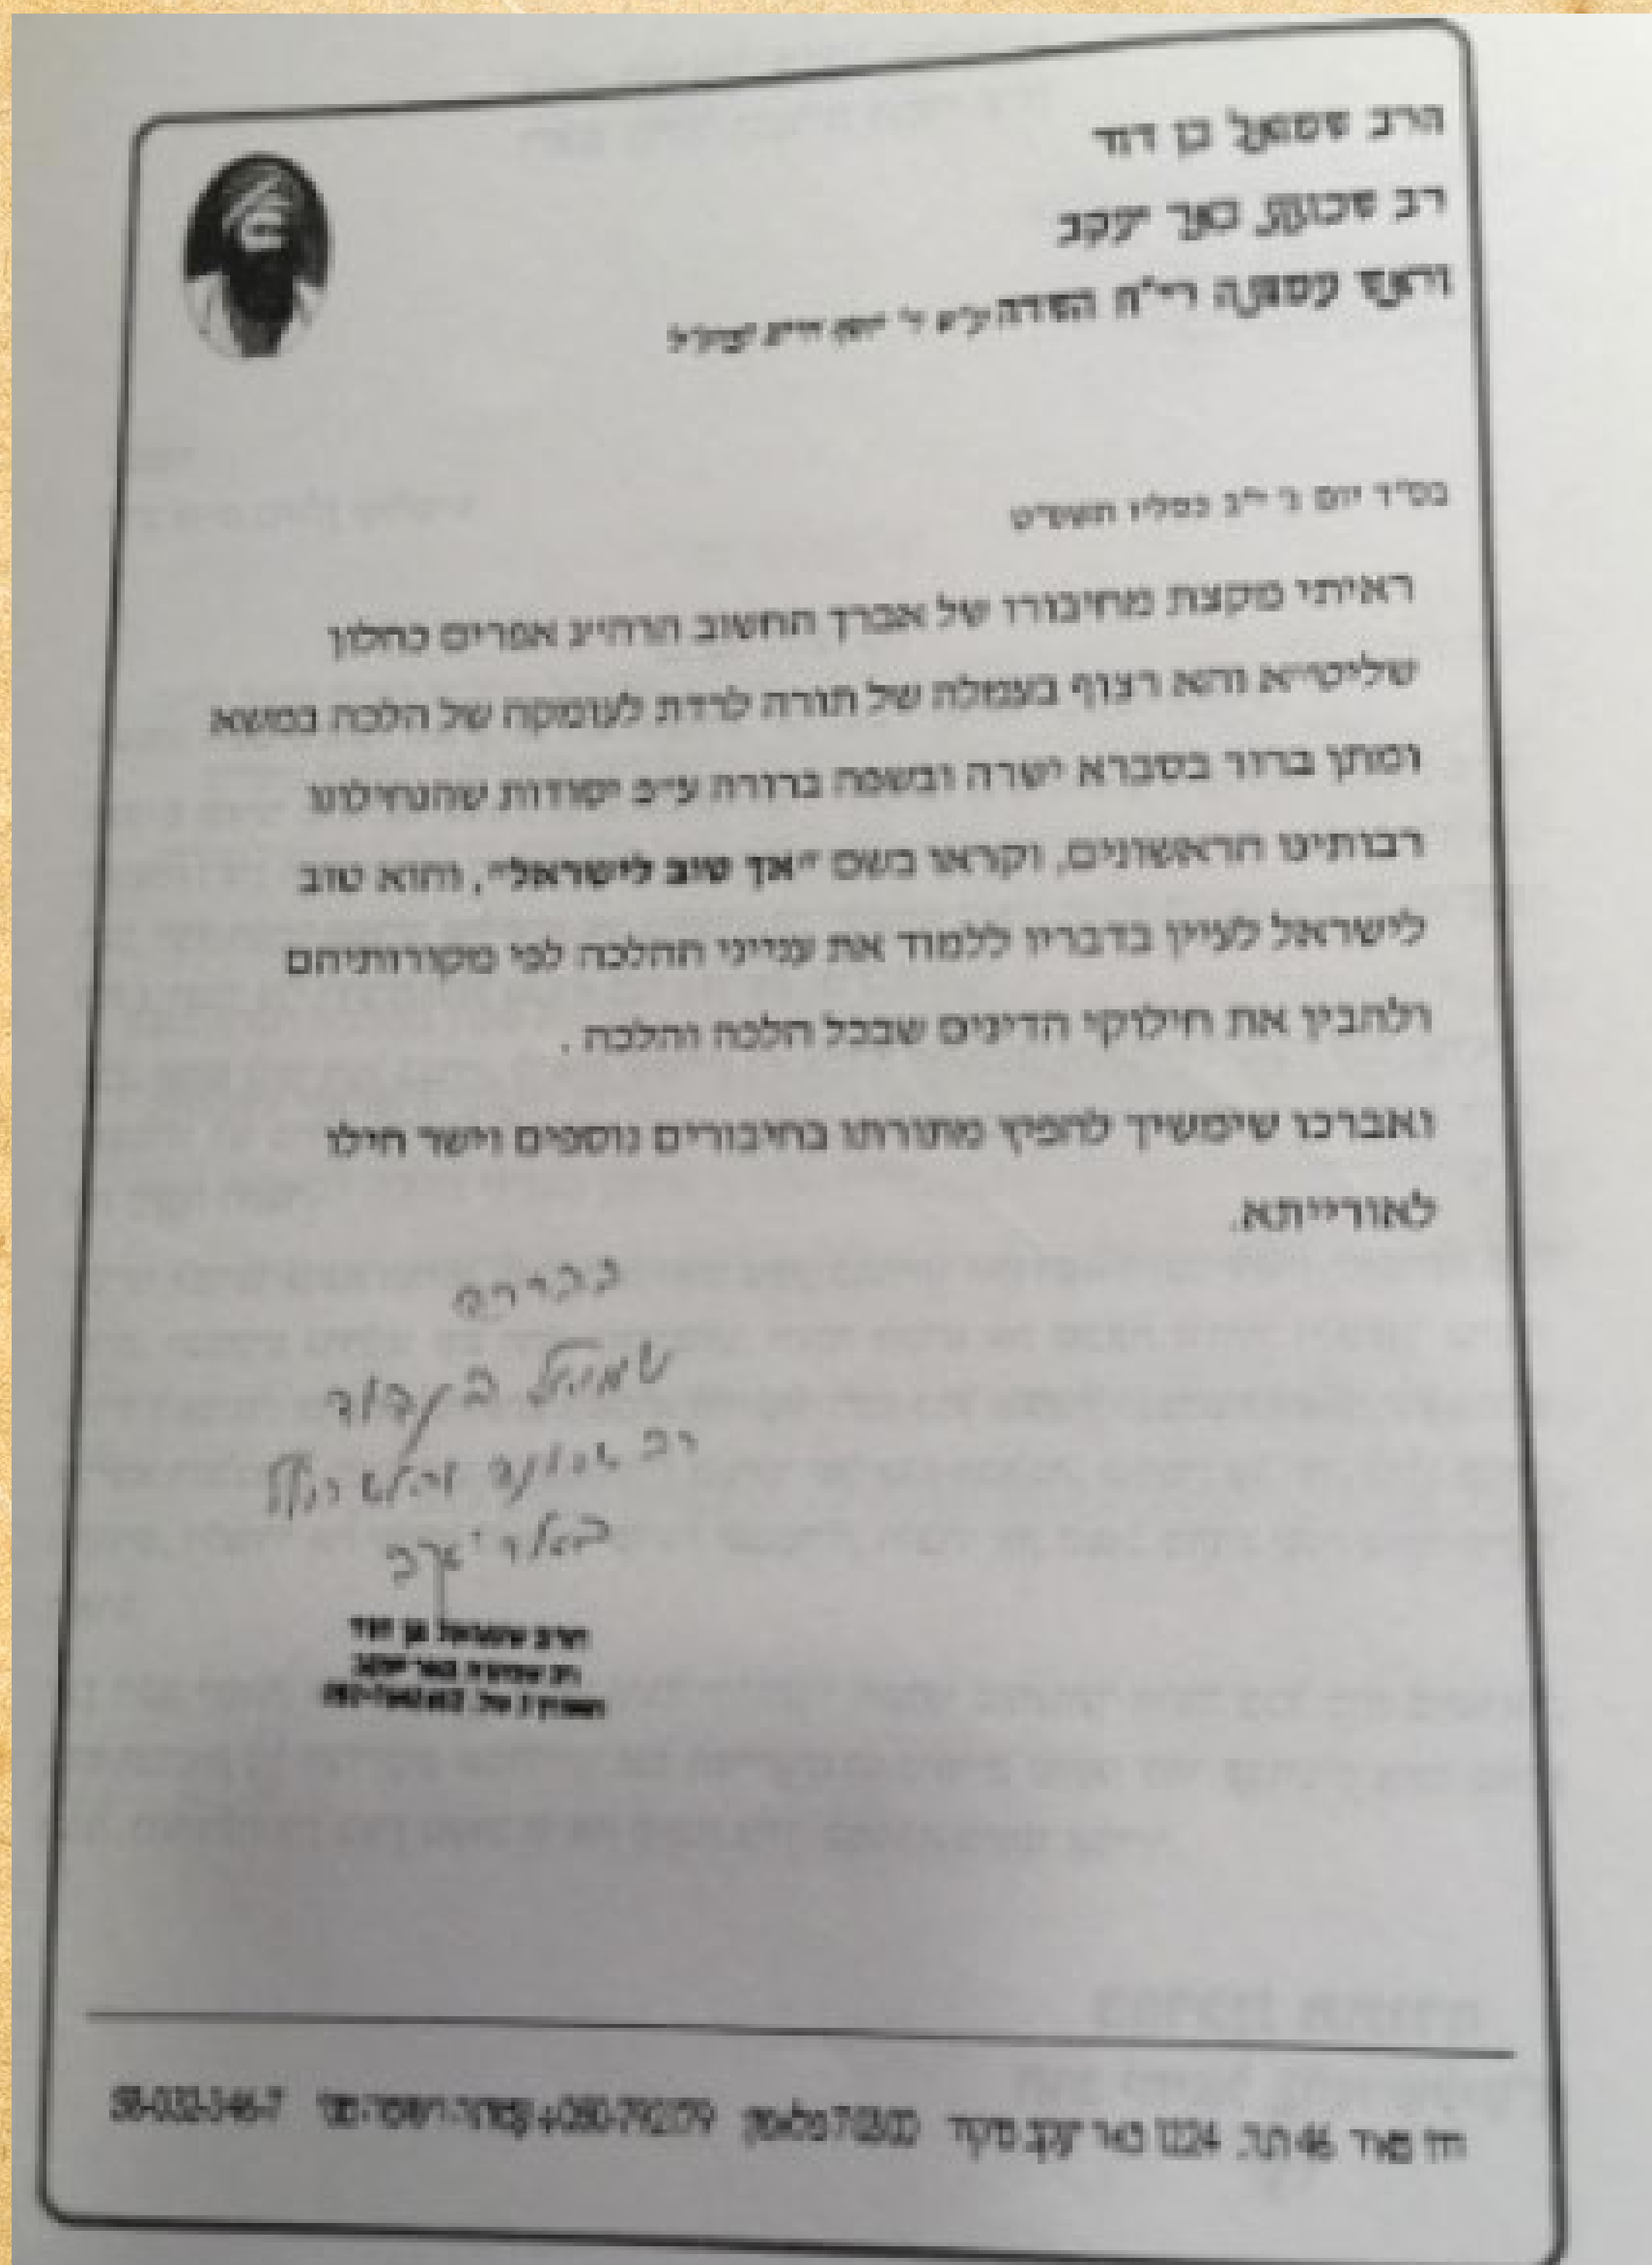

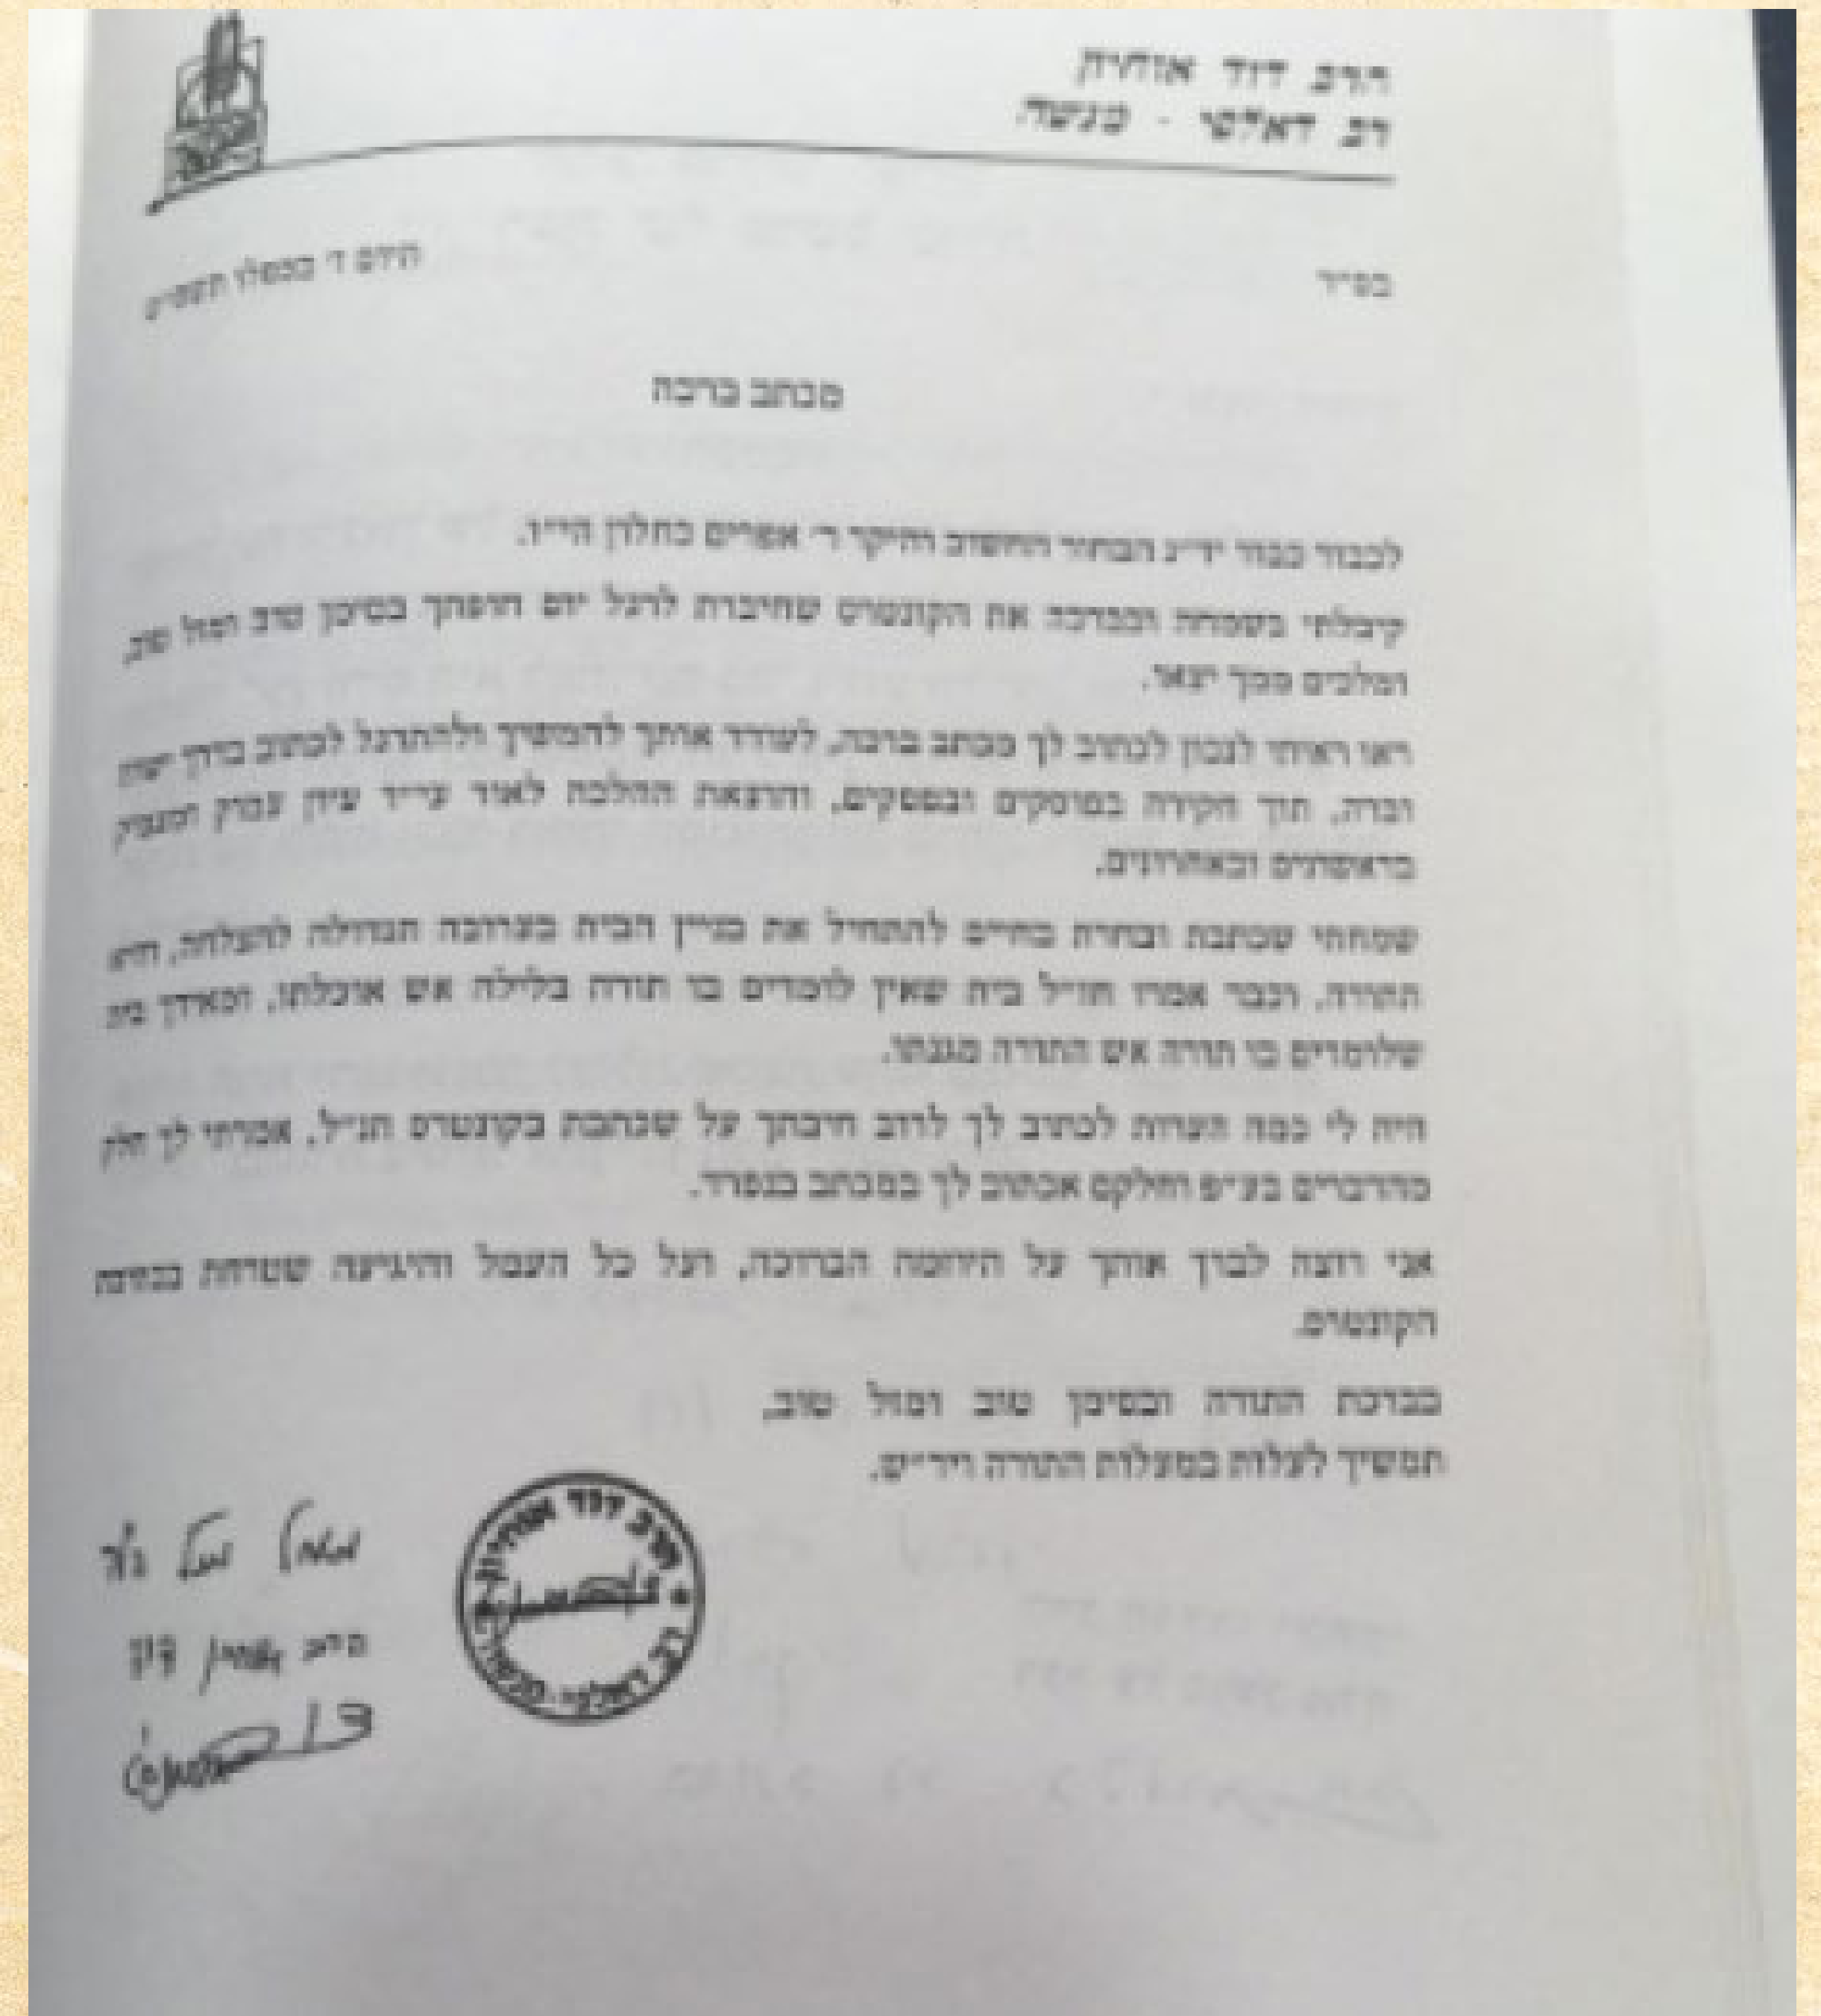

In honour of our dear and important friend **Rabbi Efraim Kachlon**, I have happily welcomed your new book that will be published on your wedding day, Mazal Tov. May kings descend from you.

I chose to write you this letter to bless and encourage you to keep writing in a clear and straight way, through deep research and study of the Sages in halachic rulings in order to shed light on the clarity of the practical Halacha deep introspection of early and later Sages.

I was happy that you wrote and chose LIFE (i.e. Torah), and to begin building your home with success that is in the Torah. As it is said by our early sages "A house where there is no Torah study at night- fire consumes it, and a house where there is always Torah- the fire of the Torah protects it". I have some comments on the book I told you by heart and I will write them in a separate letter.

I would like to bless you on the blessed initiative and your hard work in writing this book, with the blessings of the Torah and wish you a Mazal Tov. May you continue to be elevated even higher up in the Torah and fear of God!

The name of the book is "**Ach Tov L'Yisrael**" and it is good for the nation of Yisrael to review it in order to learn the halachic issues according to their sources and understand the broken down details inside each and every Halacha.

I give him my blessing to keep spreading his Torah and write more compositions. Blessed is his power for Torah.

Blessing and Appreciation

"The heaven will be happy and the land will rejoice" for your beautiful composition "**Ach Tov L'Yisrael**" - its name fitting it. And even though I know I am a simple man, I came here to fulfil my friend's request- **Rabbi Chaim Kachlon Shlit"a**, to give my blessing to his dear son, the precious Torah scholar **Rabbi Efraim Kachlon Shlit"a**, wise beyond his years and above and beyond genius since childhood.

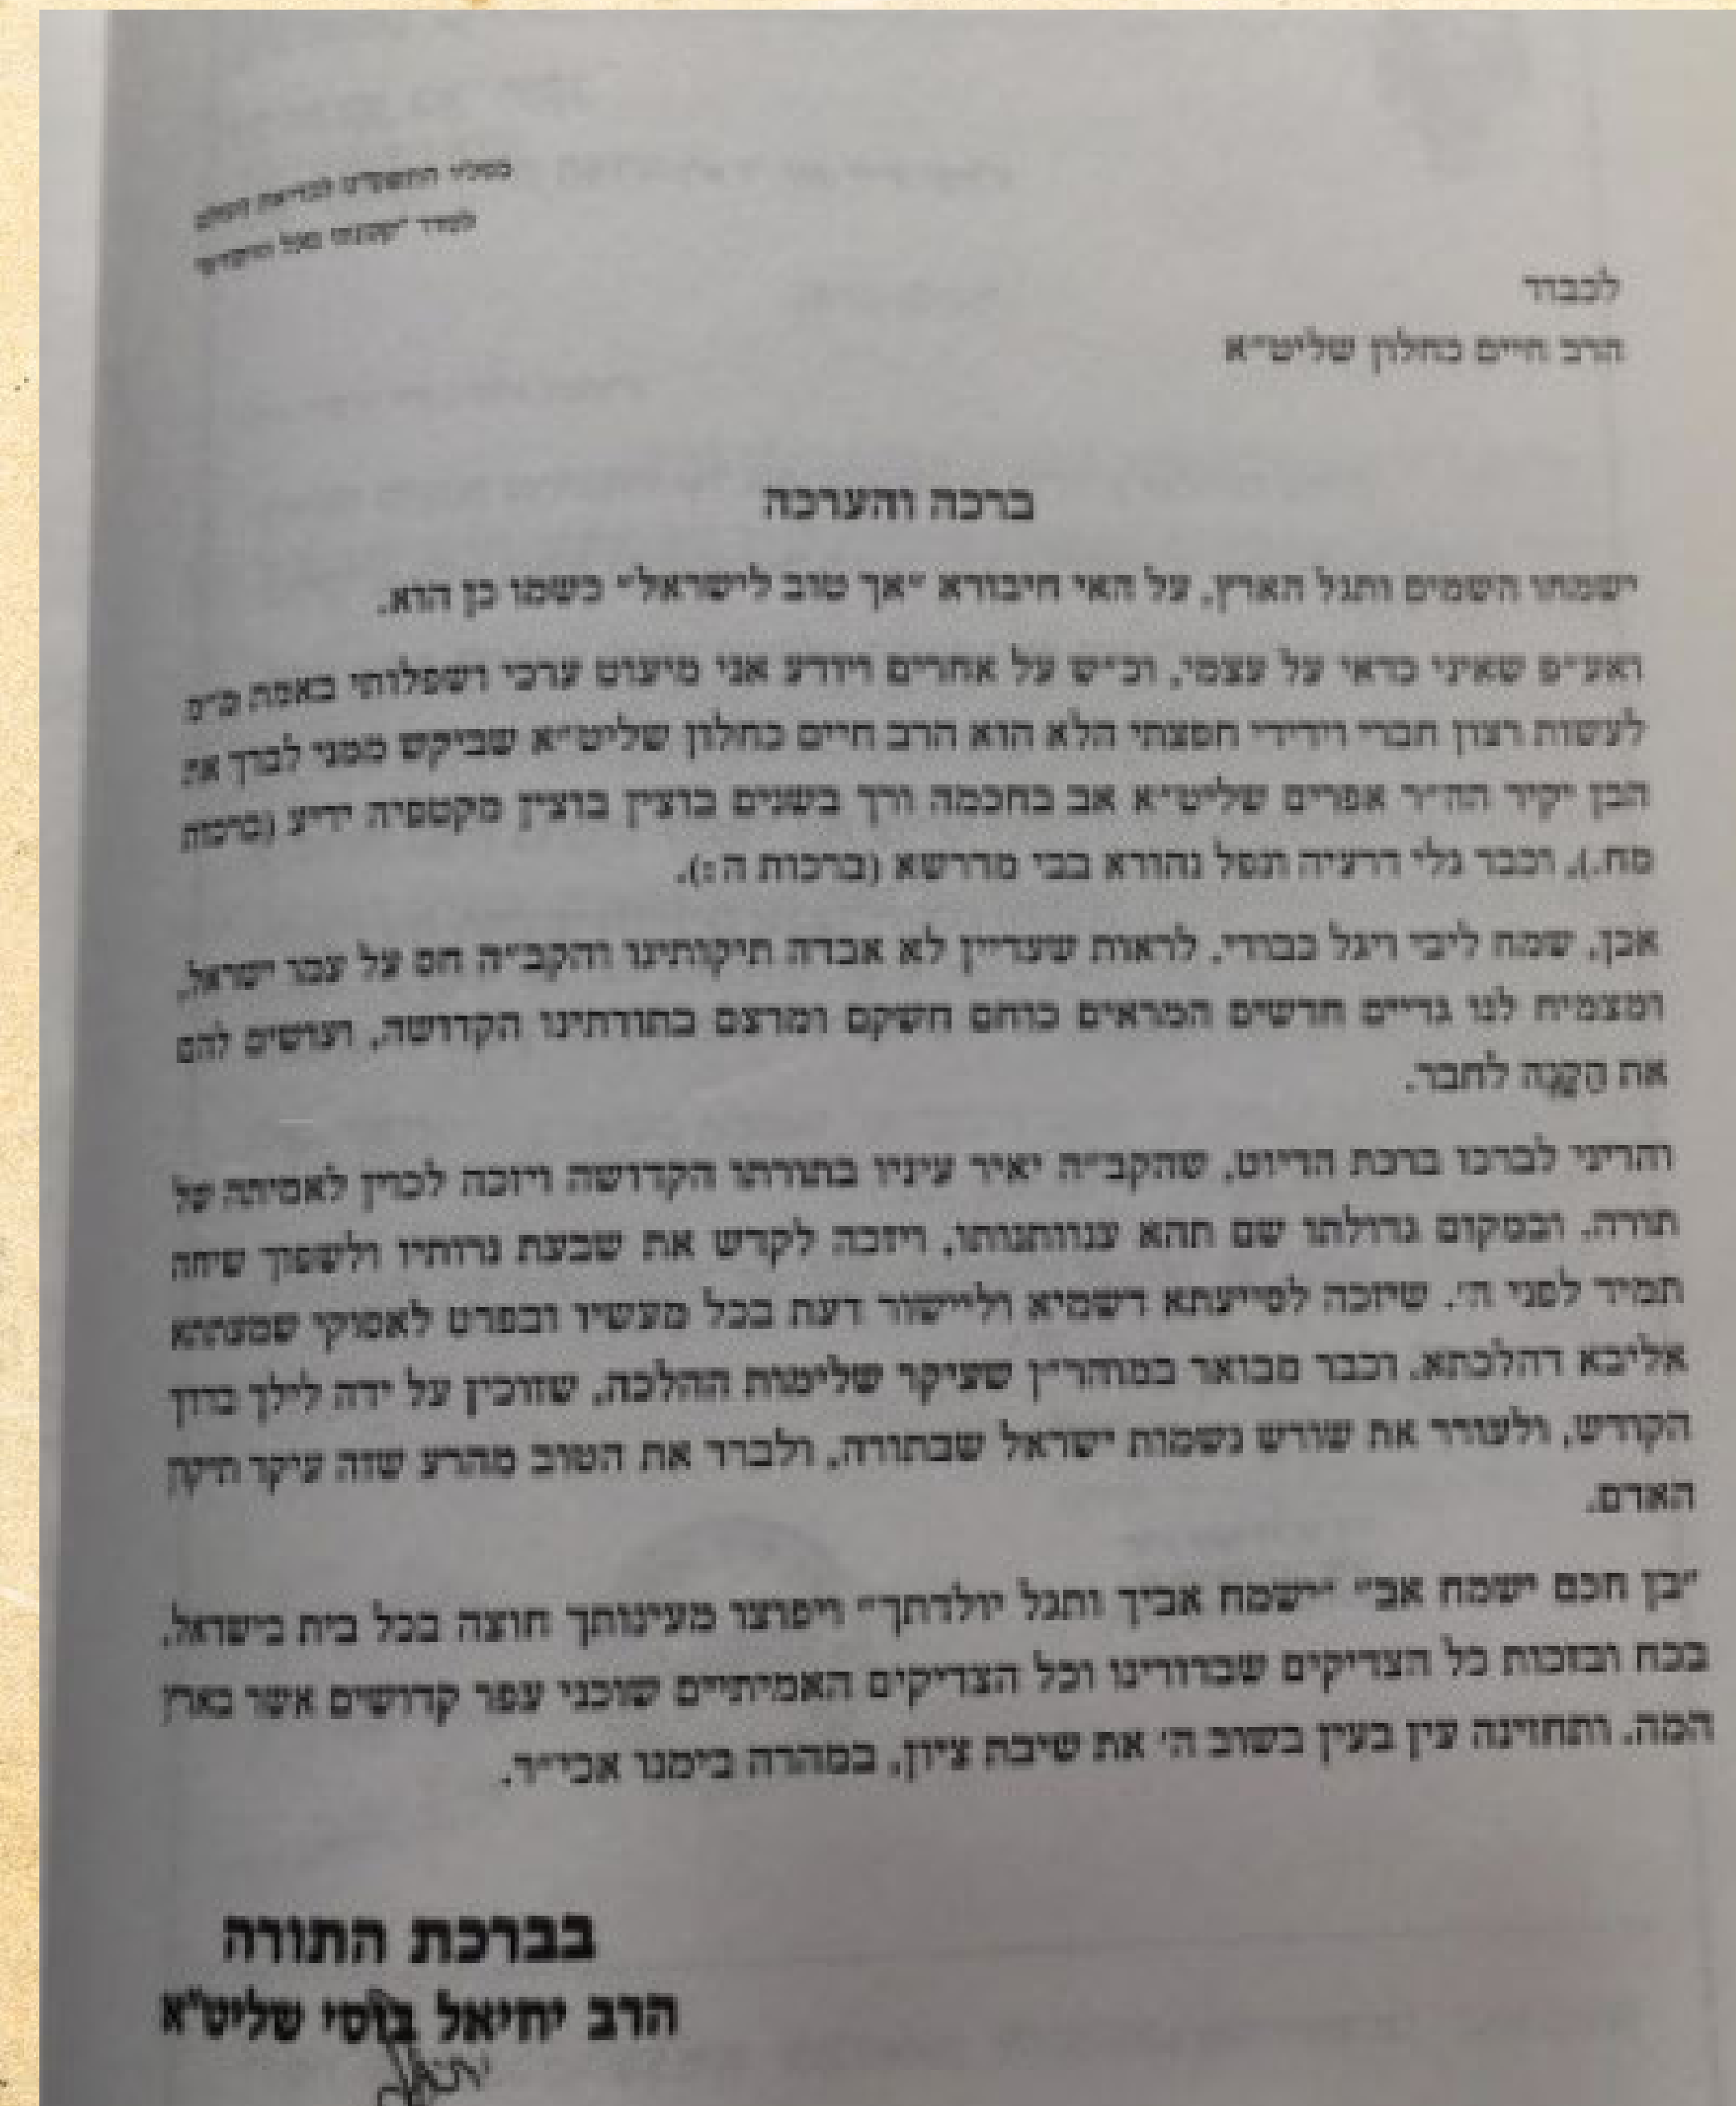

Therefore, I am extremely glad and honoured to see that there is still hope, and that because God has mercy on his nation Yisrael, He plants young Torah scholars that are showing us their strength and desire to study Torah, and make themselves a vessel by writing.

And I give him a simple man's blessing that God will enlighten his eyes with His holy Torah and he will merit to aim to its truth, and in his greatness shall be his humbleness and he will merit to sanctify his body and always pray to God. May he merit to have Divine Assistance and clear guidance in all his deeds and endeavours, especially for ruling halacha. As it was clarified in the Moharan that the ultimate completion attained from Halacha is to walk with it in holiness, and to awaken the roots of the souls of Yisrael in the Torah, and distinguish between the good and the bad, which is the primary goal in rectifying man.

"A smart son shall make his father rejoice" " Happy shall be your father and rejoice will your mother" May you spread out your Torah to every house in Yisrael, with the strength and merit of all the righteous sages in our generation and real righteous ones past generations. May we merit to see the redemption of Zion with our eyes, speedily and in our days, Amen, may it be His will.

A Letter of Blessing

I have reviewed some chapters of the book written by the genius Torah scholar, who's sharp and an expert, **Rabbi Efraim Kachlon shlit"a**, and it contains beautiful interpretations with the sweetness of the Torah, he spent nights like days to uncover the light of Halacha. I am a simple man and not in the level to give a letter of agreement since I have not reached such a level. Nevertheless, since the other genius Rabbis gave him their public support and praised him, I rely on them.

I have read some chapters of the book that the author wrote and saw that he is very sharp and knowledgeable in Halacha, worked tirelessly to bring and organize all of the sources for the Halacha, and his discussions in Halacha are important and worthy to be discussed on kings' tables- kings like our sages, and as it is the actual Halacha, and I know for myself that I am not in this level yet, I only join to the other genius Rabbis in their recommendations.

May it be His will that he never fail and he merits to spread Torah and glorify it, to learn and to teach it with good health, tranquillity and happiness Amen, may it be His Will.

A Letter of Support

I have been brought the drafts of the Responsa "**Ach Tov L'Yisrael**"- questions and answers on 4 parts of the Shulchan Aruch, written by an expert, a loyal plant, like a jar of the manna, with all the sweet Torah explanations, praiseworthy among the pious, like good oil and of good reputation, giving clear reasons and interpretations of Halacha, the genius **Rabbi Efraim Kachlon shlit"a**, who toils to give with full faith the words of our Sages, early and later ones, new and old, to conclude in the Halacha. Praiseworthy is his mother and his power is for the Torah.

And nothing else is needed to add but a blessing, may he complete the book soon and his wellsprings be spread everywhere in order to raise the Torah and glorify it, out of peacefulness and tranquillity. May he be blessed with all the good blessings, may he succeed everywhere he goes, and his name and reputation shall grow like the name of one of the greatest sages in the world, with praise and glory.

Slaughtering Course in Jerusalem

This is to certify that **Efraim Kachlon** is now studying the kosher slaughtering Halachot under my supervision, and has slaughtered in front of me at least three times successfully, and was tested, and confirmed that he knows how to check and fix the knife.

He is a trustworthy person whose character traits and honesty are confirmed without a doubt.

This letter is only the acknowledgement and not the acceptance and authorization to slaughter.

Any help you can give him would be welcomed.

ACCEPTANCE

Here came to me the important Yeshiva scholar Efraim Kachlon, may God keep him safe, and he has good character traits and is God fearing. I have studied with him kosher slaughtering Halachot based on the book "Beit David," and I've examined him, and he knows the Halachot, and learned with me the skillset of slaughtering and the fixing of the knife, and he has good sense and ability to feel very light flaws on the knife, and he has successfully slaughtered many times a good and kosher slaughtering that's according to the law and ruling.

Our Jewish brethren Yisrael in every single place can trust him and eat from his slaughtering as his God fearing precedes his wisdom. You shall eat and be satiated, and anyone who eats from his slaughter can trust him wholeheartedly and without concern. And as evidence I have come upon to sign on Tuesday, 18 Adar bet 5768 (i.e. 3/25/2008) in Jerusalem, may it be built.

18 Iyar 5778 (i.e. 5/3/2018)

I have been brought for a review, the book "**Doresh Tov**", **3 volumes**, the handiwork of glory of one of the most special scholars in our Kollel, the genius **Rabbi Efraim Kachlon shlit"a**, who has already showed his power in his Responsa book, **Ach Tov L'Yisrael in 2 volumes that were published**, and seals his expertise. And now his soul desired to write a big and important composition of significant issues pertaining to Hagadah and Midrash of the Torah, which attracts the readers' heart.

The 1st volume revolves around the weekly Torah portions. The 2nd volume contains amazing lectures about the Jewish holidays and topics of discussion that like a golden apple and attracting silver. The 3rd volume is about each tractate of the Talmud, most of them have been lectured by he himself at his own Talmud Completion Events, which were held for throughout his studying journey. He is praiseworthy and praiseworthy is his share, may he keep growing in Torah .

I know him as one whose fear of God precedes his wisdom, and surely there is a great benefit in learning the words of Hagaddah that attract the heart, which can be told at the Shabbat table and on Jewish holidays, for both lecturers and the public, and thereby have the delight in God.

May it be His will that God will want his success and he will succeed in having the merit to sit with comfort and bring to light more new insights that are as good and beneficial as these are, as his pure soul desires. Amen.
