CONVERSION TO JUDAISM

You have to find a local orthodox rabbi and synagogue that will teach you the necessary things and then sponsor you to go in front of Jewish court (Beit din) to complete a conversion. If you don't have one in your area, then you would need to find one and travel there if you want to convert. You should call and discuss your interest to convert before traveling to make sure they can help you.

Conversion to Judaism is a two part process.

First is the learning and the second is applying what you're learning.

The only way to complete your conversion would require you to move to a Jewish community.

There is no other legitimate way in today's world to convert.

Some claim they can convert you without it, but it will create a life full of problems.

You cannot be a Jew without a local Rabbi and Jewish community.

You're obligated to save your own soul before others.

So helping others is not something that is a valid reason to delay conversion or Teshuva.

ADVANCED LEARNING (AFTER CONVERSION or Several Years after Teshuva and Basics already learned)

16. - To Learn Hebrew: (not necessary for conversion)

This Learn Hebrew with Rabbi Shalom Gold is the best program that I've seen, as they send you an email with a Zip File to download the workbooks to print and use, the audios, as well as the videos to get a visual of what is being taught.

I think that this is great for adults and children alike and highly recommend for all Jews and people that want to convert to Judaism to purchase this for themselves.

The videos also include amazingly beautiful and educational tours of the Holy land, which you can watch 1000 times with excitement.

Neither I nor anyone at BeEzrat HaShem Inc. own or have any financial relationship or benefits from this recommendation. We are simply happy customers and know that this is good for our students and nation. This too is Torah.

IMPORTANT BIG SIN ALERT: Please be reminded that although the The Shema Yisrael Torah Network will send you a Link to download the Hebrew Learning program to your computer, the Holy Torah forbids one from sharing that link with other people, in order to have them avoid purchasing it themselves. Sharing this link with anyone outside of your household would be 100% Gezel (stealing), and we all know that the Torah forbids one to do a Mitzvah by way of Sin (i.e. Learning Torah or the Holy Language by stealing it).

Enjoy the learning and May HaShem continue to bless you. Rabbi Yaron Reuven click on this link to go learn/purchase the Hebrew learning program by Rabbi Gold.

VISION: *TIKKUN OLAM*

Cure our morally bankrupt world by teaching the *Emet* (Truth) of the *God of Yisrael* and *His Torah* to every person that desires it.

MISSION

The Problem: Ignorance & Manipulation of Truth

Although an estimated 4.25 billion people claim to believe in the God of Yisrael and His Torah, only about 3 million (0.003 billion or > 0.1%) are actually following it's exclusive teachings. The combination of ignorance and the intentional perversion of the holy Torah has led countless people towards immoral lives despite being considered by many as religious. Materialism, Sexual Exploitation, Promiscuity, Immodesty, Dishonesty in Business, and the desecration of Shabbat have become a standard in today's world. As an example of ignorance, a **PEW Research** study found that *94% of American Jews [mistakenly] believe that working on Shabbat is permissible for Jews*. Although the Torah laws of Shabbat are only relevant to the Jews, all of the ethical laws are relevant to everyone. With an increase in every negative social statistic, we've clearly liberated and enlightened our society into moral bankruptcy.

The Solution: Free Education That Pays Forward

Our mission is to bring back the Divine Light of Torah to fix the world. Within a decade, become recognized as the industry standard in successfully changing and curing the lives of people towards a morally correct life in accordance with the Torah. This success will enable and encourage countless other Rabbis, teachers, and organizations to repeat the process and magnify the effect around the globe. Curing the world's moral bankruptcy can only be done with Divine assistance. This is why we named ourselves BeEzrat HaShem (with God's help).
